SAHIL MALVIYA

Software Engineer

👤 PROFESSIONAL SUMMARY ————

Results-driven Full Stack Developer with 3+ years of experience in mobile and web application development, specializing in React Native, Next.js, ReactJS, and Node.js. Adept at designing and optimizing scalable, high-performance applications with real-time communication, secure authentication, and cloud-based solutions. Successfully developed and maintained platforms serving 100K+ users, improved performance by 40%. Committed to delivering scalable, high-performance applications that enhance user experience and drive business success.

💼 EMPLOYMENT HISTORY ————

Software Engineer (Remote)

Freelancer | Sep 2024 - Present

Chat Lynk[React Native, TypeScript, JavaScript]

Optimized app performance by implementing advanced caching, reducing load time by 40%. Leveraged Redux for efficient state management, ensuring real-time synchronization across 50K+ users. Integrated WebSocket for real-time notifications, improving response speed and user experience.

Full Stack Developer (Remote)

@Buzzart Software Pvt Ltd | Aug 2022 - Sep 2024

Samaj APP [React Native, TypeScript, NodeJS, JavaScript]

- Led the development of mobile applications for a diverse range of clients, specializing in React Native and Node.js.
- Deployed frontend & backend on AWS, ensuring high availability and scalability.
- Utilized Firebase for real-time data handling, implemented JWT for secure user authentication, and employed Cloudinary for media management.
- Integrated Razorpay for smooth and secure payment processing within the app.
- Maintained high code quality through rigorous testing and code reviews, ensuring robust and maintainable codebase.
- Utilized Redis for efficient data caching, improving app performance and scalability.
- Collaborated closely with cross-functional remote teams to architect scalable solutions and meet project deadlines.

Samaj App Web & Diverso Web [NextJS, TypeScript, JavaScript]

- Developed the companion website for a matrimonial app, optimizing page load speed by 50%.
- Built and maintained the official website for Diverso, increasing lead conversions by 20%.

Web FE Development [React Native, ReactJS, JavaScript]

- Developed and optimized a gaming platform frontend, increasing user engagement by 30%.
- Designed an intuitive UI/UX, reducing user bounce rate by 25% and increasing session duration by 35%.
- Implemented robust security using JWT authentication, securing 50K+ active users.

CI/CD

JWT

OAuth

Unit Testing

E2E Testing

Web BE Development [NodeJS, ExpressJS, MongoDB]

- Developed a scalable and high-quality backend for the gaming platform.
- Utilized MongoDB for efficient data management and storage.
- Implemented robust security measures to protect user data and platform integrity.
- Ensured high performance and reliability to handle large volumes of concurrent users.
- Integrated APIs for real-time communication and match updates.
- Designed the backend to support seamless event organization and player interactions.
- Continuously optimized backend performance to meet the evolving needs of the gaming community.

Trainee (Dewas)
@John Deere Pvt Ltd | Aug 2021 - Aug 2022

WEB Development [Javascript, NodeJS, HTML&CSS]

- Developed internal web applications using ReactJS and semantic HTML.
- Built and maintained company websites, ensuring fast load times and responsive design.
- Collaborated with cross-functional teams to ensure seamless integration of new features.
- Employed best SEO and web optimization practices, improving search engine ranking.

🎓 EDUCATION

Bachelors Of Technology
KNP College Of Science & Technology, RGPV University Bhopal

Diploma In Engineering
Govt. Polytechnic College, RGPV University Bhopal

Higher Secondary
Kopal Higher Secondary School, Bhopal

Primary & Secondary
Kamla Nehru Higher Secondary School, Bhopal

🎖 CERTIFICATION

Assessment Assistantship Program, MASAI SCHOOL (2024)

Genrative AI Course, MASAI SCHOOL (2023)
