8 PROFESSIONAL SUMMARY

Frontend Engineer with 2+ years of experience building scalable web and mobile applications using React, React Native, Expo and Next.js. Proven track record of improving performance by up to 40%, handling 10K+ users, and delivering production-ready systems with real-time features, caching, and CI/CD pipelines. Passionate about clean code, performance optimization, and creating seamless user experiences.

EMPLOYMENT HISTORY

Frontend Engineer (Remote)

@Bettrlabs Pvt Ltd | Mar 2025 - Present

Bettrlabs [NextJS, Redux, TailwindCSS, CI/CD, Cloudflare]

- Migrated the entire frontend from React.js to Next.js, boosting performance and SEO.
- Achieved 100 Performance, 100 SEO, and 100 Best Practices on Google Lighthouse.
- Set up CI/CD pipelines for streamlined deployment.
- Architected and built web applications from scratch, owning the full development lifecycle from initial setup to production deployment.
- Implemented Storybook for component-based UI development.
- Integrated AI-driven insights to enhance product intelligence.
- Designed UI/UX from scratch, creating intuitive user interfaces and a consistent design language across the entire product.
- Developed reusable component architecture ensuring scalability and maintainability across web

Full Stack Developer (Remote)

@Buzzart Software Pvt Ltd | Apr 2024 - Mar 2025

Chat Lynk [React Native, Redux, TypeScript, TailwindCSS]

- Optimized app performance by implementing advanced caching, reducing load time by 40%.
- Leveraged Redux for efficient global state management, ensuring real-time synchronization across 10K+ users.
- Integrated WebSocket for realtime notifications, improving response speed and user experience

Samaj APP [React Native, Redux, NodeJS, MongoDB, Firebase]

- Led the development of mobile applications for a diverse range of clients, specializing in React Native and Node.js.
- Deployed backend on AWS, ensuring high availability and scalability.
- Utilized Firebase for realtime data handling, implemented JWT for secure user authentication, and employed Cloudinary for media management.
- Integrated Razorpay for smooth and secure payment processing within the app.
- Maintained high code quality through rigorous testing and code reviews, ensuring robust and maintainable codebase.
- Utilized Redis for efficient data caching, improving app performance and scalability.

CI/CD

Coding

Mobile App [React Native(Expo), Nx monorepo]

- Built pixel-perfect UI for multiple app screens from scratch using React Native & Tailwind CSS
- Developed and maintained multiple React Native applications, delivering scalable features across different codebases with consistent performance optimization.
- Wrote unit test cases to ensure component reliability and prevent regressions

Diverso Web [NextJS, TypeScript, TailwindCSS]

- Built and maintained the official company website for Diverso using Next.js and Tailwind CSS, delivering a clean, modern implementation that increased lead conversions by 20%.
- Implemented responsive, SEO-optimized pages with reusable Tailwind CSS components, ensuring consistent branding and fast load times across all devices.

BE Development [NodeJS, ExpressJS, MongoDB]

- Developed a scalable and high-quality backend for the gaming platform.
- Utilized MongoDB for efficient data management and storage.
- Implemented robust security measures to protect user data and platform integrity.
- Ensured high performance and reliability to handle large volumes of concurrent users.
- Integrated APIs for real-time communication and match updates.
- Designed the backend to support seamless event organization and player interactions.
- Continuously optimized backend performance to meet the evolving needs of the gaming community.

EDUCATION

Bachelors Of Technology

KNP College Of Science & Technology, RGPV University Bhopal

Diploma In Engineering

Govt. Polytechnic College, RGPV University Bhopal

Higher Secondary

Kopal Higher Secondary School, Bhopal

Primary & Secondary

Kamla Nehru Higher Secondary School, Bhopal

CERTIFICATION

Assessment Assistantship Program, MASAI SCHOOL (2024)

Genrative AI Course, MASAI SCHOOL (2023)
